Pay-in-Full: \$100 Deposit + \$878

Financial Information

Deposit

The deposit is non-refundable and included with the application process and counts towards your tuition.

When do I make my first payment?

Your first payment is your deposit paid with your application. The amount of the deposit depends on your application date. Please refer to the details above for pricing tiers and deadlines. Upon your acceptance into the program, your remaining tuition payments will be made *through a special registration link* that we email to you. Your tuition will be due on the date that corresponds with the payment plan you have chosen. See tables above for pricing tiers and deadlines.

NOTE: Students will not make any tuition payments, except for the deposit, until they've been accepted to the school. Upon acceptance, students will receive an email on how to pay.

How do the auto-payments work, if I choose the monthly plan?

If you choose the monthly plan, you will provide us with your credit card information. We will then set up automatic payment deductions to be drawn from your credit card on the same day each month that you started.

For example, if you enroll on the 9th, it will auto-deduct on the 9th each month. There will be a total of nine (9) auto-payments.

Financial Policies

Withdrawal Policy

If a student withdraws, he or she may end their monthly payments, but may not receive a refund for previous payments made. In the event that a student withdraws from school and has paid their tuition in full, they may qualify for a refund. See our Refund Policy below.

Refund Policy

All deposits are non-refundable. If a student decides to drop by the first day of school, September 7, 2022 and has made tuition payments, they may receive a refund. If a student stops mid-way through the year, they will receive a pro-rated refund based on which modules they've completed. Please email registrar@socalssm.com for details.
