Financial Information

Application Fee
The application fee is non-refundable and due upon submission of your application. This amount is part of your total tuition.

When do I make my first payment?
Your first payment is your Application Fee paid with your application. The amount of the deposit depends on your application date. Please refer to the details above for pricing tiers and deadlines. Upon your acceptance into the program, your remaining tuition payments will be made *through a special registration link* that we email to you. Your tuition will be due on the date that corresponds with the payment plan you have chosen. See tables above for pricing tiers and deadlines.

NOTE: Students will not make any tuition payments, except for the Application Fee, until they've been accepted to the school. Upon acceptance, students will receive an email on how to pay.

How do the auto-payments work, if I choose the monthly plan?
If you choose the monthly plan, you will sign up online similar to the full pay option. It will be set up to automatic payment deductions to be drawn from your credit card on the same day each month that you started.

For example, if you enroll on the 9th, it will auto-deduct on the 9th each month. There will be a total of nine (9) auto-payments.

Financial Policies

Withdrawal Policy
If a student withdraws, he or she may end their monthly payments, but may not receive a refund for previous payments made. In the event that a student withdraws from school and has paid their tuition in full, they may qualify for a refund. See our Refund Policy below.

Refund Policy
All deposits/application fees are non-refundable. If a student decides to drop by the first day of school, September 4, 2024 and has made tuition payments, they may receive a refund. If a student stops mid-way through the year, they will receive a pro-rated refund based on which modules they've completed. Please email registrar@socalssm.com for details.
